Job Summary:

The mission of the Texas Workforce Commission (TWC) is to promote and support a workforce system that creates value and offers employers, individuals and communities the opportunity to achieve and sustain economic prosperity.

The Vocational Rehabilitation Counselor (VRC) I-IV performs routine to advanced vocational rehabilitation work in support of the mission, goals and values of the Texas Workforce Commission. Applies critical thinking skills and sound decision making in performance of routine rehabilitation work in the Vocational Rehabilitation (VR) program. This program assists eligible individuals with disabilities to prepare for, retain, obtain and/or advance in competitive, integrated employment and includes assisting students with disabilities to transition successfully from high school to postsecondary education and employment.

This position will be located 12000 Network Blvd, Suite 210, San Antonio, Texas 78249.

The ideal candidate will perform work using the applicable policy, guidance, and the electronic case management system. The VRC I-IV is hired by the Area Manager (AM) with the approval of the Regional Director (RD), and works independently, with moderate to minimal supervision by the AM.

The Vocational Rehabilitation Counselor I-IV:

- Assists eligible individuals with disabilities to prepare for, retain, obtain and/or advance in competitive, integrated employment and includes assisting students with disabilities to transition successfully from high school to postsecondary education and employment.
- Develops and maintains relations with community referral sources, businesses, employers and schools as applicable.
- Collects and analyzes all information necessary to make an accurate eligibility decision (e.g. medical, psychological, school records, employment records, etc.)
- Assists the consumer in choosing an appropriate employment by analyzing information to determine the consumer's strengths, resources, priorities, concerns, abilities, capabilities and interests, and matching that information to the current job market, as appropriate.
- Works collaboratively with the consumer to develop a plan of services designed to achieve the consumer's identified employment goals.
- Ensures timely, cost-effective provision of services and consumer progress toward achievement of their employment goal.
- Develops and implements a process leading to successful job placement.
- Applies best value purchasing practices and uses available comparable benefits and services to ensure effective use of public funds.
- Performs other duties as assigned and required to meet the mission and goals of the department and division.

This position involves 15%-30% travel, and method of transportation is the responsibility of employee. Counselors are required to travel to reach their assigned consumers on a regular basis. Thus, travel is required for this position.

Preferred Qualifications: A Master's degree with a major in Rehabilitation accredited college or university plus Counseling OR a Master's degree in counseling or related degrees, Education, Social Work, Sociology, Psychology or Human Services from an accredited college or university plus one year of related work experience. A current Certified Rehabilitation Counselor (CRC) certificate or current Licensed Professional Counselor (LPC) credential. If selected, applicants without CRC or LPC credentials will be required to meet the agency's educational requirements within the time frame established upon employment.

Minimum Qualifications: Other Master's degree plus two (2) years related work experience, OR Bachelor's degree with a major in vocational rehabilitation from an one (1) year related work experience; OR Bachelor's degree with major in Counseling, Education, Social Work, Sociology, Psychology, or Public Health from an accredited college or university plus two (2) years related work experience; OR Other Bachelor's degree plus three (3) years related work experience.

Copy of official transcripts, certifications and/or credentials will be requested at the time of interview.

This is a career ladder position, and depending on required qualifications and experience, may be filled at any level from a VRC I to VRC IV. Thus, the salary range for this position is \$2,909.83-\$6,149.00 per month.
